Kahuta, Rawalpindi

Professional Summary

Passionate React developer with hands-on experience building responsive web interfaces using React, Tailwind CSS, and modern JavaScript. Eager to contribute to real-world projects and grow through **internship or junior opportunities**.

Skills

- **Languages:** HTML, CSS, JavaScript, Node.js, Java
- **Frameworks/Libraries:** React.js, Express.js
- **Tools:** Git, Vite, MongoDB, VS Code
- **Other:** Responsive Design, REST APIs, Axios

Projects

1.Portfolio Website

A personal portfolio showcasing beginner-level, responsive web projects like **Rock-Scissors-Paper**, **BMI Calculator**, **Arithmetic Calculator**, **Tip Calculator**, and others. It has been deployed as well on Vercel.

Tech Used: React.js, Tailwind CSS, Vite
